HATCHCOVERS – OPEN FOR CLAIMS?

Walter Vervloesem (FNI), Chairman , IMCS Group and Chairman of the Belgium Branch of the Nautical Institute

Leaking hatchcovers, damaged cargo? P&I Club cover being withheld? Charterer claims at the discharge port? We will explore the various problems with hatchcovers and their weathertightness and look at the various claims and problems that can occur. Guidance on avoiding problems, preparing for hatchcover inspections, do's and don'ts for hatchcover maintenance and ultrasonic tightness testing will be given. Learn more about this from the author of the Nautical Institute's reference work on "Hatchcover inspections".

All Nautical Institute members as well as friends of the Branch are invited. Please pass the information to your colleagues in your offices. There will be an after-event drinks & networking session at the same venue.

Please register through Eventbrite
